September 5, 2017

Dear Community:

In light of today's announcement regarding the repeal of DACA, I wanted to take a moment to let you know that, despite the decision, our district will continue welcoming all students, regardless of immigration status.

As educators, our primary focus has always been to educate our students in order to put them on a path for long-term success.

In this moment of pain and confusion for many in our community, some of our students will need us to be their beacon of light and hope as they navigate through the uncertainty.

Let us make ourselves available to lend support and friendship to those members of our community who need backing.

As we communicate with one another, let us make it clear that our district will always be a safe space, and that we will not release personal information to federal agencies, unless obligated through a court order.

Sincerely,

Hilaria Bauer, PhD  
Superintendent  
Alum Rock Union School District
