Office of Superintendent of Schools

ITEM REQUIRING ATTENTION – BOARD OF EDUCATION

To the Board of Trustees:

Subject: On September 16, 2021, Gov. Gavin signed Assembly Bill 361 into law which amends the Brown Act to allow fully virtual board meetings during a state of emergency. Generally, AB 361 allows virtual board meetings through January 1, 2024, if the Board holds a meeting during a proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing. (Currently, both of those conditions are satisfied in Santa Clara County.)

If the Board desires to continue to hold meetings virtually at this time then it must conduct meetings in accordance with the requirements of AB 361. Board agendas and agendas for the District's Brown Act committees (including, for example, the Bond Oversight Committee) must still be posted under the appropriate timelines: 72 hours in advance for a regular board meeting, and 24 hours in advance for a special board meeting. The agenda must include the meeting (zoom) link or dial-in, so that members of the public may access the meeting. Members of the public must be allowed to address the board in <u>real-time</u> during the meeting; the Board cannot require public comments to be submitted in advance. The Board must allow a reasonable amount of time for public comment per agenda item (a practice which this Board already follows). Also, in the event the Board or other meeting broadcast is disrupted, or if a technical issue within the District disrupts public comment, the board/committee cannot take any further action on the agenda until the technical issue is resolved.

In accordance with AB 361, the Board must make the requisite findings every 30 days that 1) the board has reconsidered the circumstances of the state of emergency and 2) the state of emergency continues to directly impact the ability of the members to meet safely in person or state or local officials continue to impose or recommend measures to promote social distancing.

The proposed resolution includes these required findings. The Board is respectfully asked to consider approving the attached Resolution. If the Resolution does not pass by majority vote, then all meetings must immediately return to full in-person participation and public access.

RESOLUTION NO. 58-21/22

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT AUTHORIZING REMOTE TELECONFERENCE MEETINGS OF THE BOARD AND BOARD AND DISTRICT COMMITTEES SUBJECT TO THE BROWN ACT FOR THE PERIOD JUNE 16, 2022 – JULY 16, 2022

WHEREAS, the Alum Rock Union Elementary School District ("District") is committed to preserving and nurturing public and community access and participation in Board meetings; and

WHEREAS, all meetings of the Board are open and public, as required by the Ralph M. Brown Act (Cal. Gov. Code 54950 – 54963), so that any member of the public may attend, participate, and watch the District's Board and Brown Act committees conduct their business; and

WHEREAS, the Brown Act, Government Code section 54953(e), makes provision for remote teleconferencing participation in meetings by members of a legislative body, without compliance with the requirements of Government Code section 54953(b)(3), subject to the existence of certain conditions; and

WHEREAS, pursuant to Government Code section 54953, "teleconference" means "a meeting of a legislative body, the members of which are in different locations, connected by electronic means, through either audio or video, or both", which includes Zoom and similar virtual platforms;

WHEREAS, the required conditions for remote teleconferencing pursuant to Government Code section 54953(e) include that a state of emergency is declared by the Governor pursuant to Government Code section 8625, and that state or local officials have imposed or recommended measures to promote social distancing, or the Board determines that meeting in person would present imminent risks to the health or safety of attendees; and

WHEREAS, such conditions now exist in the District; and

WHEREAS, on March 4, 2020, Governor Gavin Newsom issued a proclamation pursuant to Government Code section 8625 declaring a state of emergency in the State of California due to the COVID-19 virus which remains in effect as of the date hereof (the "Declaration of State of Emergency");

WHEREAS, emergency conditions persist in the District, including specifically, the COVID-19 Delta variant has been found to be highly transmissible and is now infecting a small percentage of vaccinated people, as well as many unvaccinated people, and the conditions and setting of Board and committee meetings -- which would include a large gathering of staff, Board members, students and members of the public in the same room for extended periods of time in the Board Room or other facilities and rooms which do not have direct access to outdoor air -- could facilitate the transmission of the virus and would pose an imminent risk to the health or safety of employees and/or meeting attendees;

WHEREAS, guidance and recommendations from the Santa Clara County Public Health Department include recommended measures to promote social distancing, including:

"In general, the more people you have in an indoor environment, (especially if some are not fully vaccinated against COVID-19), the greater the need for increasing the circulation of fresh, outdoor air to dilute airborne particles. Provide fresh air to the areas of your buildings with the highest number of occupants. In areas where you are unable to increase outdoor air, consider reducing the number of people even further, spacing people at least six feet apart, and taking other measures to improve ventilation and air filtration." (https://covid19.sccgov.org/business-guidance#ventilation)

WHEREAS, the Board does hereby find that the above circumstances have caused, and will continue to cause, conditions within the District facilities for Board and other committee meetings that are likely to be beyond the control of services, personnel, equipment, and facilities of the District; and

WHEREAS, as a consequence of the above conditions, the Board does hereby find that the Board of Trustees, the District's Bond Oversight Committee and all other District and Board committees subject to the Brown Act, may continue to conduct their meetings without compliance with paragraph (3) of subdivision (b) of Government Code section 54953, as authorized by subdivision (e) of section 54953, and that such legislative bodies shall continue to comply with the requirements to provide the public with access to the meetings as prescribed in paragraph (2) of subdivision (e) of section 54953.

NOW, THEREFORE, THE BOARD OF TRUSTEES OF THE ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT DOES HEREBY RESOLVE AS FOLLOWS:

Section 1. <u>Recitals</u>. The Recitals set forth above are true and correct and are incorporated into this Resolution by this reference.

Section 2. <u>Remote Teleconference Meetings</u>. The Superintendent or designee and the District's Bond Oversight Committee and all other District and Board committees subject to the Brown Act, are hereby authorized and directed to take all actions necessary to carry out the intent and purpose of this Resolution including, continuing to conduct open and public meetings in accordance with Government Code section 54953(e) and other applicable provisions of the Brown Act.

Section 3. <u>Effective Date of Resolution</u>. This Resolution shall take effect immediately upon its adoption and shall be effective until the earlier of (i) November 13, 2021, or (ii) such time the Board adopts a subsequent resolution in accordance with Government Code section

54953(e)(3) to extend the time during which the Board of Trustees, the District's Bond Oversight Committee, and all other District and Board committees subject to the Brown Act may continue to teleconference without compliance with paragraph (3) of subdivision (b) of section 54953.

PASSED AND ADOPTED by the Board of Trustees of the Alum Rock Union Elementary School District, this 9 day of June , 2022, by the following vote:

Re: 2022-2024 Agreement for Professional Services

Dear Dr. Bauer:

For more than 45 years, we have provided legal advice and counseling services to California school and community college districts. We appreciate more than ever the opportunity to be your partner in achieving your core mission to educate and prepare all children and young adults to be responsible, mindful citizens in the global marketplace of ideas. Together, we have met the challenges of a worldwide pandemic and have stood by your side to help you change course repeatedly, pivot often and innovate in the moment. We remain your steadfast allies and will support you with our full range of expertise to provide quality education programs to millions of California students.

Attached is our Agreement for Professional Services regarding Public Works Bidding, Contracting and Construction-Related Issues as well as Facilities-Related and Charter Issues for the 2022-2023 and 2023-2024 school years which includes some new terms enabling us to better meet current and future challenges on your behalf. The top end of rate ranges for our different attorney groups will increase by \$5 to \$15 dollars; however, for the first time, we are providing a two-year Agreement. This means there will be no changes to the billing ranges during this time period, although individual attorney hourly rates may be adjusted within the existing ranges.

We are excited to add the category of "Shareholder Emeritus" so that attorneys with decades of experience who have stepped back from active firm management can continue to offer you the highest level of legal expertise. We have added sections to comply with new laws in the areas of fingerprinting and vaccinations. Finally, our modes of communication and providing advice have been updated to keep pace with technology.

AGREEMENT FOR PROFESSIONAL SERVICES

This Agreement is made and entered into on May 6, 2022, by and between the Alum Rock Union School District, hereinafter referred to as District, and Dannis Woliver Kelley, a professional corporation, hereinafter referred to as Attorney.

In consideration of the promises and the mutual agreements hereinafter contained, District and Attorney agree as follows:

SCOPE OF SERVICES. District appoints Attorney to represent, advise, and counsel it regarding Public Works Bidding, Contracting and Construction-Related Issues as well as Facilities-Related and Charter Issues from July 1, 2022, through and including June 30, 2024, and continuing thereafter as approved. Any services performed during the period between the above commencement date and the date of Board action approving this Agreement are hereby ratified by said Board approval. Attorney agrees to prepare periodic reviews of relevant court decisions, legislation, and other legal issues. Attorney agrees to keep current and in force at all times a policy covering incidents of legal malpractice.

CLIENT DUTIES. District shall be truthful with Attorney, cooperate with Attorney, keep Attorney informed of developments, ensure access for Attorney to communicate with the District's governing board as appropriate, perform the obligations it has agreed to perform under this Agreement and pay Attorney bills in a timely manner.

FEES AND BILLING PRACTICES. Except as hereinafter provided, District agrees to pay Attorney two hundred sixty-five dollars (\$265) to three hundred seventy-five dollars (\$375) per hour for Shareholders and Of Counsel; two hundred forty-five dollars (\$245) to three hundred dollars (\$300) for Special Counsel; one hundred ninety-five dollars (\$195) to two hundred sixty-five dollars (\$265) per hour for Associates; and one hundred thirty dollars (\$130) to one hundred ninety-five dollars (\$195) per hour for Paralegals and Law Clerks. The rate range for Gregory J. Dannis and Shareholder Emeritus shall be three hundred ninety-five dollars (\$395) to four hundred fifty dollars (\$450) per hour. Rates for individual attorneys may vary within the above ranges depending on the level of experience and qualifications and the nature of the legal services provided. Mr. Dannis' hourly rate shall be \$450. Agreements for legal fees at other than the hourly rate set forth above may be made by mutual agreement for special projects, particular scopes of work, or for attorneys with specialized skills. The rates specified in this Agreement are subject to change at any time by Attorney following written notice to Client and shall apply to all services rendered after such notice is given. Time is billed in minimum increments of onetenth (.1) of an hour, except the first communication (e.g., by telephone, voice-mail, email, text) of any day containing substantive advice which is charged a minimum of threetenths (.3) of an hour. Actual travel time and time spent attending in-person or remote meetings is charged at the rates above. In the course of travel for, or attending meetings with or for District, it may be necessary for Attorney to work for and bill other clients. If, during the course of representation of District, an insurance or other entity assumes responsibility for payment of all or partial fees of Attorney on a particular case or matter, District shall remain responsible for the difference between fees paid by the other entity and Attorney's hourly rates as specified in this Agreement unless otherwise agreed by the parties.

OTHER CHARGES. District further agrees to reimburse Attorney for actual and necessary expenses and costs with respect to providing the above services, including support services such as copying charges (charged at \$0.10 per page), postage (only charged if in excess of \$1.00), and computerized legal research and electronic record review platforms (i.e., Westlaw, e-discovery). Any discount received on such services is passed along to Client by Attorney. District agrees that such actual and necessary expenses may vary according to special circumstances necessitated by request of District or emergency conditions which occasionally arise. Such expenses shall be provided at cost unless otherwise specified.

District further agrees to pay third parties, directly or indirectly through Attorney, for major costs and expenses including, but not limited to, costs of serving pleadings, filing fees and other charges assessed by courts and other public agencies, arbitrators' fees, court reporters' fees, jury fees, witness fees, investigation expenses, consultants' fees, and expert witness fees. Upon mutual consent of District and Attorney, District may either advance or reimburse Attorney for such costs and expenses.

Occasionally Attorney may provide District officials and/or employees with food or meals at Attorney-sponsored trainings or when working with District officials and/or employees. Attorney may provide such food or meals without additional charge in exchange for the consideration provided by the District under this Agreement.

BILLING STATEMENT. Attorney shall send District a statement for fees and costs incurred every calendar month. Attorney's statements shall clearly state the basis thereof, including the amount, rate and basis for calculations or other methods of determination of Attorney's fees. Upon District office's request for additional statement information, Attorney shall provide a bill to District no later than ten (10) days following the request. District is entitled to make subsequent requests for bills at intervals of no less than thirty (30) days following the initial request. District shall pay Attorney's statements within thirty (30) days after each statement's date.

INDEPENDENT CONTRACTOR. It is expressly understood and agreed to by both parties that Attorney, while carrying out and complying with any of the terms and conditions of this Agreement, is an independent contractor and is not an employee of the District. Attorney does not anticipate that in the course and scope of performing legal services it will have any interaction with any pupil that is not under the immediate supervision and control of a District employee or a pupil's parent or guardian. If District requests legal services in which Attorney will have unsupervised interaction with pupils, Attorney will complete fingerprinting and background check clearances as required by Education Code Section 45125.1 prior to commencing such services. Attorney further agrees to comply with applicable, prevailing state vaccine or testing requirements.

CONSENT TO USE OF E-MAIL AND CLOUD SERVICES. In order to provide District with efficient and convenient legal services, Attorney will communicate and transmit documents using e-mail. Because e-mail continues to evolve, there may be risks communicating in this manner, including risks related to confidentiality and security. By entering into this Agreement, District is consenting to such e-mail transmissions with District and District's representatives and agents. In addition, Attorney uses cloud computing services with servers located in a facility other than Attorney's office. Most of Attorney's electronic data, including emails and documents, are stored in this manner. By entering into this Agreement, District understands and consents to having communications, documents and information pertinent to the District's matters stored through such cloudbased services.

CONFLICT OF INTEREST. In some situations, where Attorney has relationships with other entities, the Rules of Professional Conduct and Business & Professions Code may require Attorney to provide disclosure or to obtain informed written consent before it can provide legal services for a client. Attorney represents many school and community college districts, county offices of education, joint powers authorities, SELPAs and other entities throughout California. The statutory and regulatory structure of the provision of education services results in many ways in which these entities interact which could result in a conflict between the interests of more than one of Attorney's clients. If Attorney becomes aware of a specific conflict of interest involving District, Attorney will comply with the legal and ethical requirements to fulfill its duties of loyalty and confidentiality to District. If District has any question about whether Attorney has a conflict of interest in its representation of District in any matter, it may contact Attorney or other legal counsel for clarification.

TERMINATION OF CONTRACT. District or Attorney may terminate this Agreement by giving reasonable written notice of termination to the other party.

COUNTERPARTS. This Agreement may be executed in duplicate originals, including facsimiles, each of which shall fully bind each party as if all had signed the same copy. Electronic copies of signatures shall be treated as originals for all purposes.

IN WITNESS WHEREOF, the parties hereto have signed this Agreement for Professional Services.

To the Board of Trustees:

Subject: Resolution No. 55-21/22 Approval of Committed General Fund Balance

Staff Analysis:

Proposition 2 and Senate Bill 751 (Hill, Statutes of 2017) set the threshold for triggering the cap on district reserves of no more than 10% once all of the following conditions are met:

- 1. Proposition 98 Maintenance Factor prior to 2014-15 is fully paid
- 2. Minimum guarantee if determined by Test 1
- 3. Proposition 98 minimum guarantee is sufficient to fund ADA and the higher of the LCFF COLA or the minimum guarantee COLA
- 4. Capital gains exceed 8% of General Fund revenues

Fiscal year 2022-23 will be the first year that all of the conditions above will be met, thus districts, except nonbasic aid districts and districts with fewer than 2,501 ADA, must comply with the legal limitation of having no more than 10% reserves. The law allows for commitment of funds to be excluded from this calculation. This Resolution would comply with the law by committing an amount to be determined as part of the year-end closing process and recorded in the Unaudited Actuals report.

Recommendation:

Staff recommends that the Board of Trustees approve Resolution No. 55-21/22 approval of committed general fund balance.

APPROVAL OF COMMITTED GENERAL FUND BALANCE

RESOLUTION NO. 55 -21/22

WHEREAS, the Governmental Standards Accounting Board (GASB) has issued Statement No. 54, establishing a hierarchy clarifying constraints that govern how a government entity can use amounts reported as fund balance; and

WHEREAS, the Alum Rock Union Elementary District Board of Education (Board) has previously adopted Board Policy and Administrative Regulation 3460 acknowledging its authority to commit, assign, or evaluate existing fund-balance classifications and identify the intended uses of committed or assigned funds; and

WHEREAS, Proposition 2 established a reserve cap on district reserves, and

WHEREAS, Senate Bill (SB) 751 codified in Education Code Section 42127.01 the threshold and certain conditions for triggering local district reserve cap to no more than 10% of total general fund expenditures; and

WHEREAS, the committed fund balance classification reflects amounts subject to internal constraints selfimposed by the Board; and

WHEREAS, once the committed fund-balance constraints are imposed, it requires the constraint to be removed by the Board prior to redirecting the funds for other purposes; and

WHEREAS, the Board has determined it has specific needs that it elects to fund with portions of its General Fund ending fund balance.

NOW, THEREFORE, BE IT RESOLVED, that the Alum Rock Union Elementary School District Board of Education, hereby commits to utilizing portions of its General Fund ending fund balance, as indicated by the Committed Fund classification in its financial statements, for the following purposes:

- Comply with Board Policy
- Safeguard against unexpected decline in enrollment and/or decline in Average Daily Attendance to ensure financial stability
- Fund the Deferred Maintenance
- Multi-Year Technology Refresh/replacement
- Mitigate future deficit spending due to the expiration of one-time funds
- Carryover of Unspent Supplemental and Concentration Grants; and

BE IT FURTHER RESOLVED, that such funds cannot be used for any purposes other than directed above, unless the Board adopts another resolution to remove or change the constraint; and

BE IT FURTHER RESOLVED, that the amounts to be committed for the purposes directed above shall be established by the Superintendent no later than **July 1, 2022**.

This is to certify that the above resolution was adopted by the Board of Education by a majority vote, at its regular meeting of **June 9**, **2022**.

2. <u>Grant of License</u>. Commencing on the Effective Date, SI&A grants to District a nonexclusive nontransferable license to SI&A's patented Software and Services (U.S. patent no. 9767440), for the purposes and subject to the terms and conditions stated in this Agreement, for those users identified by District as needing to access the Software and Services (as those terms are defined in Section 3, below) as part of their job duties and approved by SI&A, which approval may not be unreasonably withheld (individually an "Authorized User" and collectively the "Authorized Users"), to use and access the Software and Services.

This license does not authorize the licensee to make or create derivations, improvements, or variation upon the patented system and method. Licensee agrees to communicate any discoveries, modifications, enhancements, or other improvements on the patented system and method to Licensor, whether originating internally or externally.

Payments agreed upon herein are due regardless of whether the particular services are specifically covered by a claim in the patent. Though the patent is in full force and effect, this Agreement and payment provisions herein remain in full force and effect regardless of expiration, termination, or invalidation of all or any part of the patent by a court of law or patent office.

3. <u>Attention2Attendance® – Base Program</u>.

Description of Software and Services. SI&A shall provide District the following software ("Software") and services ("Services") for each school site on Exhibit C ("Sites") during the Agreement Term. SI&A will only use commercially accepted practices to access District's data environment to install and configure interfacing applications between the Software, including the ROBOT and District's Student Information System. A list of data elements that the ROBOT will pull as part of the Services is attached to this Agreement as Exhibit E.
- b) When SI&A transfers District data originating on District's system over the Internet, SI&A will use only an encrypted network traffic via industry standard Secure Socket Layer (SSL).
- c) District shall own all data and records provided to SI&A by District that are subject to California Education Code Sections 49073 et seq., ("District Data") and all intellectual property rights therein. District grants to SI&A a perpetual, exclusive, royalty-free license to aggregate District Data and to use, modify, distribute, and create derivative works based on District Data as so aggregated solely for the purposes of (i) providing the Software and Services to the District during the Agreement Term as set forth herein, and (ii) referencing and documenting SI&A's experience and capabilities, but only to the extent SI&A's use does not violate Section (e) below. District acknowledges that SI&A owns proprietary intellectual property which it uses to provide the Software and perform the Services to District hereunder. SI&A shall own and retain all intellectual property rights in any and all reports, statistics, and other works of authorship, products or processes produced in the performance of Services or provision of Software hereunder. Notwithstanding the foregoing, District grants SI&A a perpetual, exclusive, royalty-free license to use de-identified District Data for any purpose otherwise allowed by law. 3.9 Tier 1 Universal Intervention Types.

Universal Intervention Type:	District Intervention Selections	
Unexcused Intervention 1	Included	
Unexcused Intervention 2	Included	
Unexcused Intervention 3	Included	
Excused Intervention 1	Included	
Excused Intervention 2	Included

Non-Contactable During Distance Learning Intervention	Included	

Total number of mailings estimated is 12,141*.

*The number of estimated mailed interventions is determined by an algorithm based on past historical interventions mailed and incorporates factors such as best practices, district size and grade levels served. Districts typically exceed this estimate by a small percentage and we absorb all additional costs. In abnormal years, such as the recent pandemic, where an extreme overage in number of interventions mailed may exist, we will be invoicing the district if the actual mailed exceeds the estimated number by more than 5%. If this occurs, we will notify the district of their letter count before they are charged and then we will invoice the district at \$1 per letter for the additional letters above the 5% overage. We will not charge the district unless actual mailed exceeds the estimated number by more than 5%.

3.10 <u>Achievement Initiative Campaigns</u>. In addition to the Software and Services outlined in the Base Program above, District may elect to include any of the Achievement Initiative Campaign(s) listed and defined on Exhibit F. District will be responsible for paying the Base Program annual fees (as outlined in Section 5.1) plus the cost of the Achievement Initiative Campaign(s) selected in Exhibit F.

4. District's Responsibilities; District Acknowledgment.

- **4.1** District will be responsible for the following:
 - a) The substantive outcomes of the Software and Services;
 - b) Preparing and furnishing to SI&A, promptly upon its request, such information that is reasonably necessary to perform the Services and/or install the Software;

 - Accurately preparing and maintaining true and correct student documentation and records;
 - e) Establishing and maintaining data collection and tracking procedures and other internal controls sufficient to support this service and software;
 - f) Providing support and computer equipment for the Authorized Users compatible with the technology requirements specified by SI&A, including, but not limited to, (i) providing any Authorized Users with a computer on which a web browser compatible with SI&A's software is installed and (ii) ensuring that the District's computer systems meet the technology requirements specified by SI&A for (1) the operation of the ROBOT or any other Software installed on District's systems pursuant to this Agreement and (2) access by SI&A to the data collected by the ROBOT;
 - g) Ensuring that District personnel do not delete, modify, or otherwise impair the operation of the ROBOT or any other Software installed on District's systems pursuant to this Agreement;

 - Promptly advising SI&A in writing immediately once District becomes aware of any actual or threatened unauthorized use or disclosure of any of the SI&A Confidential Information (as that term is defined in Section 4.2, below);

- m) Ensuring that District and District personnel who use SI&A products or services comply with the terms and restrictions contained in this Agreement, including, but not limited to enforcing the terms of this Agreement as to its employees as to the confidentiality of the SI&A Confidential Information and taking such action, legal or otherwise, to the extent necessary to cause District's employees to comply with the terms and conditions of this Agreement and thereby prevent any disclosure or unauthorized use (as such unauthorized uses are set forth in Section 4.2, below) of the SI&A Confidential Information by any of District's employees;
- n) Ensuring that District has the necessary and required consent from the parents or guardians of each student, as required by and in accordance with the applicable laws and regulations, to engage SI&A and its subcontractors to send notifications via emails or text messages; and
- o) Within fifteen (15) business days of termination or expiration of the Agreement for any reason (including, but not limited to, any fault of SI&A or District) with respect to any SI&A Confidential Information in the control or possession of District, and at SI&A's election, either (i) destroy SI&A Confidential Information and certify to SI&A in writing that such destruction has in fact been completed in its entirety (including, but not limited to, the permanent deletion of all electronic data) or (ii) return the SI&A Confidential Information to SI&A. SI&A shall have the sole and absolute discretion to decide between destruction of SI&A Confidential Information and return of SI&A Confidential Information and may make different elections for different components of SI&A Confidential Information.
- 4.2 <u>Restrictions</u>. During performance of the Agreement, SI&A may provide materials or disclose to District certain materials or information which SI&A considers proprietary or confidential ("SI&A Confidential Information"). District shall not use or permit any of its employees to use any of the SI&A Confidential Information for any reason or purposes other than the Authorized Uses. Uses that are not Authorized Uses include, but are not limited to, those uses explicitly set forth below;

- b) District shall not license, sell, rent, lease, transfer, assign, distribute, display, host, outsource, disclose or otherwise commercially exploit or make the A2A Service, Software, related materials pertinent to A2A Materials (the "A2A Materials"), and/or any SI&A Confidential Information available to any third party other than an Authorized User;

- b) District agrees that District shall not for any reason direct, recommend, or encourage an employee to disclose an Authentication Credential to District, any other employee of District, or any third party;
- District agrees that District shall not use the SI&A Confidential Information, whether directly or indirectly, to assist, whether directly or indirectly, any business that competes with SI&A;

 Subject:
 Janitorial Supplies Piggyback Solicitation - Palace Business Solutions

 OMNIA Partners – Region 4 Education Service Center Contract #R190301

Staff Analysis: The District issued a solicitation requesting piggyback proposals from vendors interested in providing janitorial supplies to the District. The following five (5) companies responded:

Company Name	Complete Bid Packet	Cost
Cintas	No	N/A
Jesenia's	No	N/A
Office Depot	No	N/A
Palace Business Solutions	Yes	\$279,489.60
CalJan	Yes	\$286,802.18

A committee of District staff was formed to evaluate the proposals submitted and interview the 2 vendors that were fully responsive to the Districts solicitation. Based on the interviews and after careful review of each proposal, the committee determined that Palace Business Solutions would be the best partner for the District based on the wide range of products, services, support, and price. The contract provided by Palace is based on an OMNIA Partners awarded contract. OMNIA is a leading national cooperative purchasing program that provides government procurement resources and solutions to local and state government agencies, school districts (K-12), higher education institutions, and nonprofits looking for the best overall supplier government pricing. All OMNIA contracts are fully vetted and audited to endure pricing integrity.

Recommendation: Staff recommends approving the use of the above mentioned piggyback contract and any applicable contract extensions for the purchase of janitorial supplies and related products and services through OMNIA Partners. QuickLaunch LCC

COMMENTS

Quick Launch SSO Contract with Campus Consortium Grant \$22,280 annually for three years

This system will reduce friction when moving from application to application and alleviate the burden of remembering and changing multiple passwords for every application used. This system will improve users experience, increases overall security, reduces workloads for managing user accounts, and add consistency with user creation, login and deletion.

QUICKLAUNCH AUTOMATED PROVISIONING

PRE-REQUISITES

Infrastructure Pre-requisites for the implementation

- → VPN tunnel needs to be setup between QuickLaunch Infrastructure and client side to gain access to ERP/SIS and Active Directory. To initiate VPN tunnel creation, member to share below information:
 - o Peer IP
 - o Encryption domain
 - o Firewall make and model
- ➔ TEST ERP/SIS database IP address.
- → TEST ERP/SIS Port.
- ➔ TEST ERP/SIS SID.
- ➔ Account which has read access on the AP_USERS view along with write back privileges on the AP_ACKNOWLEDGEMENT table which are described in the document below.
- TEST Active Directory IP address. If you do not have TEST Active Directory, you can create a vanilla Active Directory and share the IP address.
- ➔ TEST Active Directory Bind account with write back privileges for account creation along with password updates.

AP_USERS View

This is the view from where Automated Provisioning tool will read the data from to create the corresponding Active Directory record. You will have to create this view by writing scripts which can bring the data from various tables under ERP/SIS database.

ERP/SIS View Field	Data Type	Active Directory Attribute	Explanation
*user_id (Unique)	VARCHAR2(60 CHAR)		This field should be Primary Key for a user in ERP/SIS. Automated Provisioning system will also treat this field as a Unique Identifier for the user identification. Usually PIDM is used for this field but it can be any field which can qualify the user primary key under ERP/SIS. We have also seen members using UDC_IDENTIFIER for this field.
*first_name	VARCHAR2(60 CHAR)	givenName	This field should hold the first name for the user.
*last_name	VARCHAR2(60 CHAR)	Sn	This field should hold the last name for the user
*isActive	CHAR(1)		This filed will qualify the user state under Active Directory. If

the value for this field under ERP/SIS is "Y" user will be active under Active Directory and if the value if this field us "N" user will be disabled under Active Directory. Based on the requirements, if the value is "N", Automated Provisioning system can do various functions e.g.
Moving user from One OU to other (Student to Alumni), Updating the group membership.

*GROUP_MEMBERSHIP	VARCHAR2(4000 CHAR)	memberOf	ALUMNI, APPLICANT, EMPLOYEE, FACULTY This filed will control the authorization for a user under Active Directory using memberOf attribute. The values can be comma separated as shown in the sample data for this field. The names which are shown in the sample can be anything, but we would like to know which group they should be mapped to under Activity Directory.
*directory_id (Unique)	VARCHAR2(30 CHAR)	Samaccountname	This field will be the username under Active Directory for a user. Let us know if this attribute needs to be created any custom rules using provisioning system
*personal_email	VARCHAR2(30 CHAR)		This field should have a personal emailaddress for a user which will be used for sending the welcome letters along with First time user process for resetting the passwords to gain access.

Production Active Directory DIT(Directory Information Tree) Review for ERP/SIS Users

Based on your Active Directory (Directory Information Tree) schema please help us with below information. This information is very critical to configure QuickLaunch provisioning system to make sure users are created/updated in the right OUs based on the requirements/scenarios. As we will be setting up provisioning process first on the TEST Active Directory and we will try to match the production DIT so that during production go-live we are not facing any challenges. We recommend to provision users in different OUs based on the groups present under ERP/SIS. Below are the few examples which we are showing, you can go through the same and provide us the details based on your Active Directory schema. Please feel free to add any number of OUs along with giving the user mapping criteria and if any custom rules.

BaseDN for Active Directory - DC=quicklaunchsso, DC=edu

Active User OUs:

Employee OU - DN: OU=Employees,OU=Users,OU=QLSSO,DC=quicklaunchsso,DC=edu

Faculty Users -

DN: OU=Faculty,OU=Employees, OU=QLSSO,DC=quicklaunchsso,DC=edu

- → Let us know the qualifying criteria for the users to be mapped under this OU. We recommend doing this based on the GROUP field coming from ERP/SIS
- → Any attribute which needs to be created using custom rules from QuickLaunch Automated provisioning system for this OU users. e.g mail (<u>samaccountname@quicklaunchsso.edu</u> or <u>firstname.lastname@quicklaunchsso.edu</u>)

Staff Users -

DN: OU=Staff,OU=Employees, OU=QLSSO,DC= quicklaunchsso,DC=edu

- → Let us know the qualifying criteria for the users to be mapped under this OU. We recommend doing this based on the GROUP field coming from ERP/SIS
- → Any attribute which needs to be created using custom rules from QuickLaunch Automated provisioning system for this OU users. e.g mail(<u>samaccountname@quicklaunchsso.edu</u> or <u>firstname.lastname@quicklaunchsso.edu</u>)

Students OU:

DN: OU=Students,OU=Users, OU=QLSSO,DC=quicklaunchsso,DC=edu

- → Let us know the qualifying criteria for the users to be mapped under this OU. We recommend doing this based on the GROUP field coming from ERP/SIS
- ➔ Any attribute which needs to be created using custom rules from QuickLaunch Automated provisioning system for this OU users. e.g mail(<u>samaccountname@quicklaunchsso.edu</u> or <u>firstname.lastname@quicklaunchsso.edu</u>)

Students-Alumni OU:

DN: OU=Students-Alumni,OU= OU=QLSSO,DC=quicklaunchsso,DC=edu

- → Let us know the qualifying criteria for the users to be mapped under this OU. We recommend doing this based on the GROUP field coming from ERP/SIS
- → Any attribute which needs to be created using custom rules from QuickLaunch Automated provisioning system for this OU users. e.g mail (<u>samaccountname@quicklaunchsso.edu</u> or <u>firstname.lastname@quicklaunchsso.edu</u>)
- → When user is moved to this OU, what happens to:
 - Network access (is network access removed?)
 - o Group Membership (What all groups are removed and what new groups are added)
 - Any other change (if applicable)
 - Is this account moved to OU=Disabled? If yes, after what time? Or, do you keep alumni accounts for life

In-Active user OUs:

DN: OU=Disabled Accounts,OU=Employees, OU=QLSSO,DC=quicklaunchsso,DC=edu

- ➔ We believe once the isactive field under ERP/SIS view becomes "N" for any user under Active Directory user is moved to this OU. Let us know if this assumption is correct
- → Any modification required under group(memberOf) membership
- ➔ Do you have any process of disabling users from Active Directory which will reside under Active OUs listed above? If this is true, let us know the value of the userAccountControl attribute under Active Directory
- → How do you manage in-active student users
- ➔ How do you manage inactive staff users

NOTE: This is what we assume to be the OU's where ERP/SIS users are currently residing. Let us know all the missing OU's(if any) along with answering below questions for the OUs :

→ Let us know the qualifying criteria for the users to be mapped under this OU. We recommend doing this based on the GROUP field

- ➔ Any attribute which needs to be created using custom rules from QuickLaunch Automated provisioning system for this OU users. e.g mail(<u>samaccountname@quicklaunchsso.edu</u> or <u>firstname.lastname@quicklaunchsso.edu</u>)
- → How do you manage the in-active users for the OUs

Active Group OU:

DN: OU=Groups, DC=quicklaunchsso, DC=edu

→ We reviewed couple of user groups and can see all the groups are coming under this OU. Let us know if this statement is correct? If not, let us know the list of groups which are not under this OU which will be for ERP/SIS Users.

Custom Attributes to be created for users using QuickLaunch Automated Provisioning tool

- → mail: Let us know how we should be constructing the mail addresses for the users. Based on our review, we see the format <u>samaccountname@quicklaunchsso.edu</u> but please let me know in case of any issues.
- → userPrincipalName: Let us know how we should be constructing the userPrincipalName attribute for the users. Based on our review, we see the format <u>samaccountname@quicklaunchsso.edu</u> but please let me know in case of any issues.

NOTE: You can let us know if there are any other custom attributes which needs to be created based on the criteria along with Active Directory attribute.

This CONFIDENTIALITY AGREEMENT (the "Agreement") is entered into by and between QuickLaunch and Client.

WHEREAS, Recipient has requested information from Disclosing Party in connection with consideration of a possible transaction or relationship between Recipient and Disclosing Party.

WHEREAS, in the course of consideration of the possible transaction or relationship, Disclosing Party may disclose to Recipient confidential, important, and/or proprietary trade secret information concerning Disclosing Party and his/its activities.

THEREFORE, the parties agree to enter into a confidential relationship with respect to the disclosure by Disclosing Party to Recipient of certain information.

1. Definitions. For purposes of this Agreement, "Confidential Information" shall include all information or material that has or could have commercial value or other utility in the business or prospective business of Disclosing Party. Confidential Information also includes all information of which unauthorized disclosure could be detrimental to the interests of Disclosing Party whetheror not such information is identified as Confidential Information by Disclosing Party. By example and without limitation, Confidential Information includes, but is not limited to, the following: plans, software, clients, marketing plans, network login and passwords, business plans, financial information, and other information disclosed or submitted, orally, in writing, or by any other media, to Recipient by Owner. For purposes of this Agreement, the term "Recipient" shall include Recipient, the company he or she represents, and all affiliates, subsidiaries, and related companies of Recipient. For purposes of this Agreement, the term "Representative" shall include Recipient's directors, officers, employees, and financial, legal, and other advisors.

2. Exclusions. Confidential Information does not include information that Recipient can demonstrate: (a) was in Recipient's possession prior to its being furnished to Recipient under the terms of this Agreement, provided the source of that information was not known by Recipient to be bound by a confidentiality agreement with or other continual, legal or fiduciary obligation of confidentiality to Disclosing Party; (b) is now, or hereafter becomes, through no act or failure to act on the part of Recipient, generally known to the public; (c) is rightfully obtained by Recipient from a third party, without breach of any obligation to Disclosing Party; or (d) is independently developed by Recipient without use of or reference to the Confidential Information.

3. Confidentiality. Recipient and its Representatives shall not disclose any of the Confidential Information in any manner whatsoever, except as provided in paragraphs 4 and 5 of this Agreement, and shall hold and maintain the Confidential Information in strictest confidence. Recipient hereby agrees, to the extent not prohibited by applicable state law, to indemnify Disclosing Party against any and all losses, damages, claims, expenses, attorneys' fees and costs incurred or suffered by Disclosing Party as aresult of a breach of this Agreement by Recipient or its Representatives.

4. Permitted Disclosures. Subject to applicable disclosure laws including the Public Records Act, Recipient may disclose Disclosing Party's Confidential Information to Recipient's responsible Representatives with a bona fide need to know such Confidential Information, but only to the extent necessary to evaluate or carry out a proposed transaction or relationship with Disclosing Party and only if such employees are advised of the confidential nature of such Confidential Information and the terms of this Agreement and are bound by a written agreement or by a legally enforceable code of professional responsibility to protect the confidential Information. Notwithstanding the foregoing, should Recipient receive a request to disclose Disclosing Party records by virtue of a Public Records request, Recipient agrees to notify Disclosing Party in writing of the request, provide QuickLaunch, LLC with a list of documents it has in its possession, allow Disclosing Party a reasonable time to object to the disclosure of any documents and/or procure a Court order directing Recipient not to disclose any of documents that fall within the exemptions of Recipient's applicable Public Records Act.

The returning of materials shall not relieve Recipient from compliance with other terms and conditions of this Agreement.

8. Non-solicitation. Recipient hereby agrees to not directly solicit, engage, contract with, bid, or perform any services for any Disclosing Party employee, customer, and/or contractor for a period of Twelve (12) Months after such disclosure.

9. No Additional Agreements. Neither the holding of discussions nor the exchange of material or information shall be construed as an obligation of Disclosing Party to enter into any other agreement with Recipient or prohibit Disclosing Party from providing the same or similar information to other parties and entering into agreements with other parties. Disclosing Party reserves the right, in its sole discretion, to reject any and all proposals made by Recipient or its Representatives with regard to a transaction between Recipient and Disclosing Party and to terminate discussions and negotiations with Recipient at any time. Additional agreements of the parties, if any, shall be in writing signed by Disclosing Party and Recipient.

10. Irreparable Harm. Recipient understands and acknowledges that any disclosure or misappropriation of any of the Confidential Information in violation of this Agreement may cause Disclosing Party irreparable harm, the amount of which may be difficult to ascertain, and therefore agrees that Disclosing Party shall have the right to apply to a court of competent jurisdiction for specific performance and/or an order restraining and enjoining any such further disclosure or breach and for such other relief as Disclosing Party shall deem appropriate. Such right of Disclosing Party is to be in addition to the remedies otherwise available to Disclosing Party at law or in equity. Recipient expressly waives the defense that a remedy in damages will be adequate and any requirement in an action for specific performance or injunction for the posting of a bond by Disclosing Party.

11. Survival. This Agreement shall continue in full force and effect at all times.

DISCUSSION

In compliance with the State of California Government Code as amended by Chapters 783 and 784, Statutes of 1995 and in compliance with County Policy, the Santa Clara County Treasury Investment Portfolio Report as of March 31, 2022, is submitted for your review and acceptance.

The attached detailed investment reports list each investment of the County Treasury Pool, as well as individual reports for specific investment funds that each school district or special district has in the County Treasury. The reports include the respective purchase and maturity dates, par value, amortized cost, market value, and yield to maturity for each investment.

A summary of market value versus cost is provided below for Commingled Investments of the County Pool.

	Cost	Market Value	(Decrease)	Percent
Commingled Investments	\$ 10,519,272,787	\$ 10,314,119,075	-\$ 205,153,712	2 -1.95%

TO: SANTA CLARA COUNTY SCHOOL DISTRICTS AND SPECIAL PURPOSE DISTRICTS Page 2

The yield of the Pool on March 31, 2022 was .79%. As a comparison, on March 31, 2022 the yield of a 6-month Treasury Bill was 1.01%. A two-year Treasury Note was 2.34%. The State of California Local Agency Investment Fund (LAIF) yield was .37%.

Attached with the current investment-economic outlook is a schedule that lists the average weighted maturities and yield for the Commingled Investment Pool. Charts outlining investment concentration and distribution of bond maturities are provided for the Pool. Also included is a chart showing the one-year history of the Pool along with interest rates offered by selected comparable instruments.

Securities are purchased with the expectation that they will generally be held to maturity, hence unrealized gains or losses are not reflected in the yield calculations.

The market values of Pool securities were taken from pricing services provided by Bank of New York Mellon, Bloomberg Analytics, dealer quotes, and an independent pricing service.

A combination of maturing securities, new revenues, and tax receipts will adequately cover the anticipated cash flow needs for the next six months. Cash flows are continually monitored and are considered paramount in the selection of securities purchased for the Pool.

The impact of higher interest rates on the overall economy is only in the beginning stages and has yet to be fully realized. The unemployment rate fell to 3.6 percent in March from 3.8 percent the prior month, and nearly matched the February 2020, pre-70 percent.

Due to strength of consumer spending and business investment, economists dismissed the tepid 1.4 percent annualized GDP contraction in the first quarter 2022 as non-consequential. A build-up of excess inventories from the prior quarter eventually led to a subsequent cut in production and orders once demand had been satisfied. Starting in June, reductions should occur at a monthly pace of \$47.5 billion, ramping up over three months to \$95.0 billion per month. Economic Update and Portfolio Strategy

March 31, 2022

Economists worry that the Fed's efforts to rein in inflation with more aggressive monetary policy will result in an abrupt slowdown or recession. Growth was already headwinds like rising prices and the expiration of fiscal stimulus payments, the consumer continues to be bolstered by historically low unemployment, high savings, discretionary categories including apparel and restaurant spending. Easing in pandemic-related restrictions continues to support consumer spending. Even with expected to slow this year after 2021's strong 5.7 percent expansion. So far, Consumer spending which is by far the largest contributor to economic activity has been resilient. March retail sales which grew .5 percent from the prior month and despite the boost from higher gasoline prices, reflected growth from and a sizable wealth effect from robust gains in stock and housing prices.

influenced by Treasury yields, reached 5.27 percent, the highest level since 2009. As recently as the end of 2021, rates were 3.11 percent. The quick rise in mortgage largest expenditure for most U.S. households. Home prices in 20 of the largest U.S. cities rose by 20.2 percent in February 2022 from the prior year according to the S&P CoreLogic Case-Schiller index. Mortgage rates have been soaring since the start of the year. Most recently, the average for a 30-year loan, which is heavily initially, the impact of higher borrowing costs most likely will be felt in the housing market, a sector generally considered over-heated but also represents the rates, rising home prices, escalating construction costs and a limited inventory of available housing have significantly decreased housing affordability.

have suffered substantial price declines. Bond prices and yield are inversely related and hence, move in opposite directions. Although the Fed has increased, so far, its policy rate, fed funds only twice, the two-year Treasury yield has already increased by 203 basis points from .69 percent on December 31, 2021, to 2.72 percent most recently on May 5th. Likewise, ten-year Treasury yields rose almost as much over the same period to 3.08 percent from 1.51 percent, a 157-basis point surge. The bond market's bearish tone has been further reinforced by selloff in government debt from the euro-area on heightened expectations for rate hikes later this The interest rates of U.S. government securities along with those of most domestic bonds have risen in anticipation of tighter monetary policy and consequently summer in the region.

The portfolio strategy continues to focus on the:

(1) acquisition of high-quality issuers;

(2) identifying and selecting bonds with attractive valuations;

(3) appropriately sizing the liquidity portion of the portfolio to ensure adequate cash for near term obligations; and

(4) ensuring that monies targeted for longer term investments are deployed in vehicles with favorable risk-adjusted yields.

Office of Superintendent of Schools

ITEM REQUIRING ATTENTION – BOARD OF TRUSTEES

To the Superintendent of Schools:

Date: May 31, 2022

Subject: Education Protection Account (EPA) Spending Plan for 2022-2023

Staff Analysis: Proposition 30 provides that all K-14 local agencies have the sole authority to determine how the funds received from the EPA are spent, but with these provisions:

The spending plan must be approved by the governing board during a public meeting; EPA funds cannot be used for salaries or benefits of administrators or any other administrative costs (as determined through the account code structure); Each year, the local agency must publish on its website an accounting of how much money was received from the EPA, and how the funds were expended.

In addition, there will now be a requirement for the annual financial audit to include verification that the EPA funds were used as specified by Proposition 30, and the additional costs of the audit would be an allowable expense from the EPA. If EPA funds are not expended an accordance with the requirements of Proposition 30, civil or criminal penalties could be incurred.

The District's spending plan is a follows: salary and benefit expenditures for teachers in the amount of \$20,228,169 (the estimated amount of EPA funds to be received quarterly during the last ten days of September, December, March, and June for the 2022-2023 fiscal year) will be transferred from resource 0000 (unrestricted) to resource 1400 (Education Protection Act). No administrative costs will be charged to the EPA resource.

Recommendation: Staff recommends adoption of the District's Education Protection Account (EPA) Spending Plan for 2022-2023.

ITEM REQUIRING ATTENTION - BOARD OF EDUCATION

To the Board of Trustees:

Date: May 31, 2022

Subject: Donation of Surplus Equipment to Talent Development Center Charity

Staff Analysis: Talent Development Center (TDC) is a charity that brings technology to some of the poorest sections of Africa in order to promote high tech learning. This allows for the continued usage of devices that are functional but no longer usable by the District to bring benefit and hope to people on a Global level.

High tech items that are no longer supported or viable to the District would be offered to TDC for shipment to Africa. TDC will accept full liability and facilitate pick up devices from the District.

The attached list of surplus items was board approved at the regularly board meeting on April 2022.

E-waste items that do not apply to this charity will be e-wasted in accordance with California Laws for the Disposal/Destruction of Universal Waste Electronic Devices and SB20/50 through a local e-waste company.

Recommendation: Superintendent recommends the Board of Trustees approve the donation of listed surplus equipment to TDC in order for it to be shipped to some of the poorest sections of Africa to help children and young adults.

Dear Principal Tanu Kohli,

Thank you for the opportunity to work with you and the campus community to create a beautiful mural for the entrance of the Russo/McEntee Academy that reflects the vision and mission of this unique school. Additionally, we look forward to providing an interactive, multi-sensory presentation to all grade levels to educate the students about the wildlife in the Coyote Creek watershed and engage them in nature.

Keep Coyote Creek Beautiful and Paul J. Gonzalez Art Studios will add a lively mural featuring nature scenes and school-based children's activities about the valuable natural resources of their local creek and environment. Coyote Creek has a lot of wildlife along it, but many youth aren't aware of where the creek is let alone the type of wildlife that exists along its banks. The Russo/McEntee Academy mural will beautify and educate the students, teachers, and visitors about the natural wonders of Coyote Creek and student activities that include sustainable actions while deterring graffiti. This location is ideal since the school is located close to Coyote Creek and fits naturally within the vision of the school: "to provide a rigorous, and innovative learning climate that promotes the growth of environmentally literate students capable of stewarding our planet."

This mural will be a reminder to the students that Coyote Creek is near the school and that they can have a direct impact on keeping the wildlife healthy by reducing litter and participating in creek cleanups around their school and neighborhood.

To create the mural, we'll solicit input from the campus community. Once completed, muralist Paul J. Gonzalez will create a draft mural design using the elements of the input along with his artistic influences. Following approval of the design, he will prepare the wall for painting, host an after school paint day, complete the mural, then add an anti-graffiti coating.

The anticipated costs for this project is \$20,075, which includes project management, input from the campus community, and a completed mural. The District will provide \$3000 towards this project.

The project is anticipated to start in May and be completed by July 9, 2022.

Note that the dates and times for the campus community input, after school paint day, and mural completion may vary.

We'll also provide Mr Adventure's Journey to Coyote Creek. This is a visual and interactive presentation where Mr Adventure and his naturalist friend take students through a multi-sensory experience about Coyote Creek. During this 30-35-minute presentation, we cover topics about local creeks including the water cycle, defining a watershed, what wildlife lives in and around the creek, and the habitat that the creek and its waters provide. By using sound, visual props, scented plants, and tactile natural objects, students participate in an engaging study of the role creeks play in a healthy

environment. Then, students share the interconnectedness of their actions to the health of the creek and their environment, such as picking up litter at school and in their neighborhood, planting trees, creating a garden, and practicing the 4 Rs (reduce, reuse, recycle, and refuse).

The cost for the two-day presentation is \$3450 and will be held on dates of your choosing..

We look forward to working with you and your campus community to achieve a lively mural for all to see as they enter the school.

LEADER will be responsible for the input of all information given to LEADER by CLIENT in a reasonably accurate, complete and correct form provided same is provided to LEADER by CLIENT. Any errors, mistakes or liability in connection with the failure of LEADER to input such data, provided such data has been accurately, completely and correctly transmitted to LEADER, will be the sole responsibility of LEADER and will be corrected by LEADER.

8. LIMITATION OF LIABILITY ARISING FROM DEFAULT IN SERVICES

Creekside was founded on the commitment to provide best-in-class schooling for students with moderate-to-severe autism.

Creekside School began informally in the basement of the home of a young boy with autism whose parents had struggled to find an appropriate school setting for his significant neurologic and behavioral challenges.

Soon other youngsters who were significantly impacted by autism began arriving at the basement with their parents or daytime caregiver.

In 2006 the school was formally established and soon thereafter leased two classrooms and ancillary space in the corner of a San Jose-based church school. Formed as a nonpublic school, Creekside continued to grow to serve students from many school districts.

In 2018 the school was invited to move into a recently-vacated school in the Oak Grove School District of San Jose. The former George Miner Elementary is the perfect campus with its large, sunlit classrooms and expansive blacktop and playground area.

Creekside was founded on the commitment to provide best-in-class schooling for students with moderate-to-severe autism.

That commitment touches every aspect of our operation, from the active inclusion of families in their child's learning, to the quality of our teaching staff, to the breadth of knowledge and experience of our autism-related services team, to the spacious campus on which all of this magic happens.

This proposal describes costs associated with licensing and operating Cityspan's attendance software for Alum Rock Union Elementary School District programs. Cityspan will provide site licenses and user support services to 25 program sites. The term of these services is July 1, 2022, to June 30, 2023. The software will collect student-level attendance data and generate summary reports.

1. Licensing and User Support

A fee will be charged for licensing the software, hosting it at Cityspan's data center and providing user support. The fee covers costs related to server hardware and software maintenance, internet connectivity, security monitoring and help desk operations. Cityspan's help desk provides toll-free phone and email-based support to end users during business hours (M - F, 8 AM – 5 PM PST). Support requests will be met within one business day. The cost for licensing and user support is \$400 per site annually.

Cost: 25 sites @ \$400/site = \$10,000/annually

2. Project Management

A project management fee will be charged to cover costs associated with meetings, email and phone communications between Alum Rock Union Elementary School District staff and Cityspan. Management tasks include implementation planning, development of customization requests, periodic status reports and monitoring of user feed-back. Project management time is billed at \$125 per hour. Cityspan estimates 10 hours of project management time in the term of operation.

Cost: 10 hrs @ \$125/hour = \$1,250/annually

3. Data Uploads

A fee will be charged for accepting data files and uploading them to populate the student registration form. Upload labor is billed at \$125 per hour with a minimum allocation of 6 hrs per file. Cityspan estimates 20 hours of data upload time.

Cost: 20 hrs @ \$125/hour = \$2,500/annually

4. Training
