Election to CSBA's Delegate Assembly

CSBA's Delegate Assembly Call for Nominations and Appointments for 2021-23 Term

CSBA's Delegate Assembly (DA) is a vital link in the association's governance structure. Working with local districts, county offices of education, the Board of Directors, and the Executive Committee, Delegates ensure that the association reflects the interests of school districts and county offices of education throughout California. Members of the Delegate Assembly are elected or appointed by local board members in 21 geographic regions throughout the state. There are two meetings each year, one in May and one immediately preceding the Association's Annual Education Conference.

Nomination, appointment, and biographical sketch forms for CSBA's Delegate Assembly are being accepted until Thursday, January 7, 2021. It is the responsibility of the nominee to confirm that all nomination materials have been received by the CSBA Executive Office by the due date. Late submissions cannot be accepted. Ballots will be sent to districts and county offices of education by February 1, 2021 and are due to CSBA by March 15, 2021. Delegates will serve two-year terms beginning April 1, 2021 through March 31, 2023.

NOTE: Separate communications are being emailed directly to County USDs where there is an election in 2021, as well as to COEs that appoint directly to the Delegate Assembly in odd-numbered years.

Please contact CSBA's Executive Office should you have any questions about the Nomination Process. Email Jamille Peters at jpeters@csba.org.

DA Appointment Forms: Districts with 30,000 ADA and above

Re: Response to Santa Clara County Office of Education's (SCCOE) Letter Dated November 10, 2020 Regarding the Fiscal Crisis Management Assistance Team's (FCMAT) Fiscal Health Risk Analysis (FHRA) Report

Date: December 17, 2020

The purpose of this memorandum is to respond to SCCOE's letter dated November 10, 2020 regarding FCMAT's FHRA report. SCCOE noted that the FCMAT report indicated that the District is at high risk of fiscal insolvency and shared its concerns in the areas of aligning staffing with declining enrollment, on-going pattern of deficit spending, delaying necessary spending reductions, use of one-time general fund and other reserves to pay for ongoing expenditures, depletion of reserves, outstanding COPs obligation and the expiration of parcel tax at the end of fiscal year 2021-22.

It is important to note that the FCMAT report was based on the review of the District's 2020-21 Adopted Budget, which was approved by the Governing Board on June 25, 2020. The 2020-21 Adopted Budget was developed based on the May Revision assumptions, which included approximately 10% reduction to the Local Control Funding Formula (LCFF) as well as other categorical programs. Subsequently, the State enacted its 2020-21 budget, which eliminated the cuts to LCFF and categorical programs and replaced them with cash deferrals. Consequently, the District revised its 2020-21 Adopted Budget as part of the 45 Day Budget Revision process, which was adopted by the Governing Board on August 13, 2020. For comparison purposes, in order to meet the State's minimum reserves requirement, the District's 2020-21 Adopted Budget reflected approximately \$4.2M, \$16.2M and \$22M of unspecified reductions for fiscal years 2020-21, 2021-22 and 2022-23, respectively. The 45 Day Budget Revision projected fund balances of approximately \$15.7M and \$10.6M in fiscal years 2020-21 and 2021-22, respectively. However, the 45 Day Budget Revision identified that approximately \$9.9M of reductions will need to be made in fiscal year 2022-23, in order to meet the State's minimum reserves requirement. As noted in SCCOE's letter, the 2019-20 Unaudited Actuals, which was approved the Governing Board on September 10, 2020, recognized savings of approximately \$2.2M, mainly as a result of the pandemic shelter-in-place order.

The District administration recognizes the challenges it faces during these extraordinary times of uncertainties and is committed to continue informing and providing recommendations to the Governing Board in order the keep the District financially solvent. The District would like to thank SCCOE for its continued support and shared interest in keeping the District financially solvent.

November 10, 2020

Ernesto Bejarano, Board President Alum Rock Union School District 2930 Gay Avenue San Jose, CA 95127

Dear President Bejarano,

The Fiscal Crisis Management Assistance Team presented the findings of its Fiscal Health Risk Analysis to the Alum Rock Union School District on August 7, 2020. This analysis was required because the district had three consecutive qualified interim report certifications. The analysis indicates that Alum Rock Union School District is at High Risk of fiscal insolvency. The basis for this finding is noted in the FCMAT report.

The County Superintendent has reviewed the Fiscal Health Risk Analysis along with the district's 45-day budget revision, and Unaudited Actuals and recognizes that the savings achieved during the pandemic shelter-in-place order and more favorable state education budget than had been assumed in June have placed the district in a minimally improved financial position. However, the district's revised budget assumptions underscore persistent problems that have been noted in previous correspondence with the district, such as failure to align staffing with declining enrollment, an ongoing pattern of deficit spending, delaying necessary spending reductions, use of one-time general fund and other reserves to pay for ongoing expenditures, depletion of reserves to bare minimum, significant Certification of Participation debt service that will require a bond issuance to pay for the remaining balance, and reliance on a future unapproved parcel tax measure that cause this office continued concern with the district's ability to meet its financial obligations in future years.

We acknowledge the difficult decisions the district has made to reduce staffing and expenditures, as well as steps it has taken to improve its business processes, internal controls, and best practices to provide better financial information to your internal and external stakeholders. However, the board and superintendent are reminded of our letter of September 11, 2020 requesting a detailed Fiscal Stabilization Plan be provided with the First Interim Budget Report in December 2020. This specific action by the governing board is necessary in order for the district to remain fiscally solvent.

This plan must recognize the amount of reductions necessary to maintain at least the minimum statutory required reserves and detail how the district will accomplish those reductions in the current and subsequent two fiscal years. The plan must also indicate budget actions the district will take if the June 2021 parcel tax measure is not successful.

Ernesto Bejarano, Board President Alum Rock Union School District November 10, 2020 Page 2

It is our expectation that the 2nd interim budget report that will be approved by the board prior to March 15, 2021, will incorporate the fiscal stabilization plan reductions approved by the Board in December 2020.

The Santa Clara County Office of Education (SCCOE) shares your interest that the Alum Rock Union School District remain financially solvent and will support the district as it addresses its budget challenges. To assist with this endeavor, the SCCOE will continue to assign, at its expense, an independent Fiscal Expert team to the district to provide critical budget consultation, analysis, and validation as the administration works with stakeholders to prepare plans and recommendations for board consideration.

I would like to thank and recognize the board and leadership team for their efforts in improving the district's long-term financial outlook. We await your First Interim Report and Budget Overview for Parents, which must be filed with our office no later than December 15, 2020. If you have any questions or concerns, please contact your District Business Advisor, Ann Redd, at (408) 453-6593.

Sincerely,

Mary Ann Dewan, Ph.D.

1.01 Call to order/Roll Call/Pledge of Allegiance

President Ernesto Bejarano said there is a quorum.

President Ernesto Bejarano said the meeting is being live-streamed by the YouTube channel which is Alum Rock TV. He said there are multiple ways to participate in the meeting including text messaging and raising your hand through email.

President Ernesto Bejarano said he wants to put a cap of thirty minutes maximum per item. He said he anticipates that there are at least two items that will have a high volume of public comments.

The Board had a discussion.

Member Dolores Marquez-Frausto asked that the minutes reflect who agreed on having one minute for parents to speak. She asked that two minutes would be allowed for public comment.

Member Dolores Marquez-Frausto asked Counsel Rogelio Ruiz if President Ernesto Bejarano can arbitrarily have a cap limit or if he needs to call for a vote.

Counsel Rogelio Ruiz replied that a vote is not necessary because the Board Bylaw states the amount of time for each board item for public comment. The Board Bylaw states there is a limit of twenty minutes. He said, in this case, there is a desire to have public comments for a cap of thirty minutes.

Member Dolores Marquez-Frausto said that Counsel Rogelio Ruiz misunderstood her question on how the decision is made. She said her concern is that the public comment be at least two minutes. She asked Counsel Rogelio Ruiz if the Board needs to vote on it, and she asked how the Board makes the final decision.

Counsel Rogelio Ruiz said a member of the Board is free to make a motion to set the amount of time for any individual speaker.

MOTION #01-19 by Member Dolores Marquez-Frausto to give speakers two minutes.

President Ernesto Bejarano said he would like to move it to a twenty-minute cap which is in the Board Bylaws. He said there was no second on the motion made by Member Dolores Marquez-Frausto.

1. OPEN SESSION (continued)

MOTION #02-19 by President Ernesto Bejarano to have a thirty-minute cap which is longer than the Board's normal cap one minute per speaker which allows more time per speakers which keeps a responsible time lime. MOTION #02-19 was seconded by Clerk Andrès Quintero.

Member Dolores Marquez-Frausto said she would like to discuss the motion because it is unfair to the community. She said people were calling her because there was an item that they wanted to be an action item and it was put on for discussion.

Vice-President Corina Herrera-Loera said the position is that the community needs to speak and that there is not a limit for public comment. She commented that some of the Board members do talk a lot.

President Ernesto Bejarano said there is a motion on the floor to have a thirty-minute cap with one minute for public comment for any item on the agenda.

Roll call vote: Ayes: Member Linda Chavez, Clerk Andrès Quintero, President Ernesto Bejarano: Noes: Vice-President Corina Herrera-Loera and Member Dolores Marquez-Frausto.

Vote: 3/2; Motion Carries

President Ernesto Bejarano said the Board will extend the cap to thirty minutes, one minute per item. He said he appreciates the discussion by everyone. He said, in regards to public comment, if there is a person that has made a statement before another, then just say I agree.

1.02 Discussion And/Or Modification(s) of the Agenda

Member Dolores Marquez-Frausto said she would like to move item 7.05 after item 5.06.

Clerk Andrès Quintero said he would like to move item 7.05 before item 3.01 so that there could be a clear picture of the budget.

Superintendent Bauer said she wants to pull items 2.01 and 7.01 to be heard in the July Board meeting.

Assistant Superintendent Chheng asked to pull item 9.02.

Member Linda Chavez asked why item 7.01 is being pulled.

Superintendent Bauer replied that the district is working on the language.

1. OPEN SESSION (continued)

President Ernesto Bejarano said item 7.05 will be moved directly after item 2.02 before item 3.01. He said the items being pulled are 2.01, 7.01, and 9.02.

2. Public Hearing

2.01 Public Hearing: Disclosure of major provisions of the collective bargaining agreement with Teamsters Local 150, including, but not limited to, the costs that would be incurred by the public school employer under the agreement for the current and subsequent fiscal years.

President Ernesto Bejarano said the public hearing has opened at 5:56 pm.

7. Superintendent/ Board Business

7.05 the board will discuss and review the merits of School Resource Officers Program in Alum Rock.

President Ernesto Bejarano said the reason that this contract is on the agenda is because the contract expires in five days. He said, in order to cancel the contract, the district needs to give thirty days' notice of the cancellation. He said that he does not look forward to moving with the contract because of the budget realities.

Member Linda Chavez said she would like to make a motion for the contract not to come back for another consecutive year.

President Ernesto Bejarano said there cannot be a motion tonight because it is agendized as information only.

Member Linda Chavez asked for the item to be placed as an action for next month's Board meeting.

Superintendent Bauer said the contract will be not be coming to the Board for the next three years. She said the budget situation is very severe.

Board discussed this item.

7. Superintendent/ Board Business

Public Comment:

Assistant Superintendent Sanchez read some of the public comments that came via email.

- 1) Alma Henry asked to discontinue the contract with the City of San Jose and remove all police officers from the schools. She said that black kids are targeted.
- Simone said she is a proud resident of East San Jose. She said the community will
 take a stand for a more equitable school district for all the students to support all
 students of color.
- 3) A community member said they are in support of black students of color. They said black and brown students are not criminals.

Member Linda Chavez said her opinion there was an email that was passed around to the community and yes I did see the passed email I don't know who was the originator) It asked people to sign the email that same email was submitted over and over again.

Member Linda Chavez said she believes in the interest of time and if they have the same message-- word for word then in the interest of time just say each persons name; acknowledging them and their point of view so they will perceive or acknowledge that they have been heard. It wasn't necessary to read the same email over and over. I believe the district can do better time wise if we have one speaker, then we have Mr Sanchez read one, then repeat because it takes each Community member more time to set up they can be "Queued".so that the progression of the succession will flow smoother.

Member Linda Chavez said If it's like a script and if it's already been read, I know you have to decipher it ahead of time but can you move on to the next one? Because, if there is 50 of them and if there's 5 of them that it's the same verbatim point of view, can you go on to the next one? But also mention their name; this person said that or that. So that way we can have how many people did in actuality send the email. So that their name can be heard as well, please? Is that possible?"

President Ernesto Bejarano commented that what Member Linda Chavez said was a good idea, Mr. Ruiz we can do that correct?

Member Dolores Marquez-Frausto said "Yeeeeees".

President Ernesto Bejarano said So, why don't we go ahead and do that exactly as Trustee Chavez suggested, for any other emails that come up in that way.

Member Dolores Marquez-Frausto asked so what did Rogelio say.

Counsel Rogelio Ruiz said he is fine given the amount of comments you have.

Member Dolores Marquez-Frausto asked what about disclosure of who sent that.

President Ernesto Bejarano said yeah were going to give the name.

- Antony Combs said as a member of the black community and a graduate of Alum Rock, he requests that the Board eliminate all contracts with the School Resource Officers.
- 2) Mikah Martin said she is in support to remove all police from the schools. She said they do not help and they serve as obstacles.
- 3) Karen Martinez said she has always been opposed to School Resource Officers on the school campus. She said the district needs to work to ensure students can get the tools and resources. She asked the Board to consider not bringing this item back in three years.
- 4) Brenda Zendejas said the Board is there because of voters. She said she wants to make sure that contracts do not come back to the district.

Member Dolores Marquez-Frausto asked Assistant Superintendent Chheng what he anticipated the ADA will be with the district's enrollment.

Assistant Superintendent Chheng replied it will be over eight million dollars.

Vice-President Corina Herrera-Loera thanked Assistant Superintendent Chheng for the COVID 19 report funding. She asked Assistant Superintendent Chheng if the allocated money was for those specific allocations.

Assistant Superintendent Chheng replied as long as those set of funds comes down from the state, they are allowed both swift for those funds.

Member Linda Chavez said this is one-time money that is allowed for that. She asked if this is restricted.

Assistant Superintendent Chheng replied it is one-time money and there are certain restrictions for that money.

President Ernesto Bejarano said in one slide there were restricted funds and zero in the next three years. He asked if this was typical to draw down to zero a year. He asked what the district would do if it is not. He asked what the remedy is, if it goes beyond, and how the district would handle it.

Assistant Superintendent Chheng replied the district typically does not go to zero. He said the district usually has a carryover. He said the carryover is used for the restricted programs. He said the big programs are the afterschool programs.

President Ernesto Bejarano said that if the district would draw down to zero, he is assuming that the district does not go beyond those expenditures. He asked how the district would handle that.

Assistant Superintendent Chheng replied that the district tries to be mindful. He said the district received restricted dollars and federal funds.

President Ernesto Bejarano said the district is not unique in the current situation. He asked if there was any discussion among other districts on what they think about this and what plans they may have in place.

Assistant Superintendent Chheng replied that there have been conversations on what plans they have in place. He said a lot of the information is very early. He said the district is still waiting on information on the LCFF for years 2021-22 and 23.

Member Dolores Marquez-Frausto asked if the cut was going to be eight or nine million dollars. She asked what amount of deficit needs to be addressed.

Assistant Superintendent Chheng replied it is the four-point two million for the year 20-21. He said that is on top of eight million dollars that was previously mentioned. He said by reducing staff, that would cover the 3% requirement for the next 21-22 school year.

Member Dolores Marquez-Frausto asked if the district does not have a cashflow.

Assistant Superintendent Chheng replied there was enough cashflow to cover the district until the end of December. He said districts are using the debit instrument to borrow cash. He said this would cover all the obligations until the state can pay the district.

Member Dolores Marquez-Frausto asked if the district is looking for a twelve million dollar cut.

Assistant Superintendent Chheng said the eight million dollars is over the two years.

Member Dolores Marquez-Frausto asked what got the district into the eight million dollar deficit.

Assistant Superintendent Chheng replied the biggest issue is that the district continues to experience declining enrollment. He said that is taking a lot of revenue.

Member Dolores Marquez-Frausto said every year there is a declining enrollment of three hundred students or so. She asked why the district did not start managing this four years ago. She said there is going to be a cut again and CSEA is going to be cut again. They are the lowest-paid group.

Assistant Superintendent Chheng asked if she was referring to the resolution that is going to be talked about later on the Board agenda.

Member Dolores Marquez-Frausto said she is referring to that because her community is asking her about that.

Assistant Superintendent Chheng replied there were adjustments made after losing students. He said there are natural increases in expenses. He said all the programs go up every year. He said the state has not been able to keep up with the funding. He commented that Alum Rock School District was not the only district doing major cuts.

Member Dolores Marquez-Frausto said she is looking at the cuts from both meetings of CSEA employees.

Assistant Superintendent Chheng replied the district is also reducing the certificated staff for years 20/21 and 21/22.

Member Dolores Marquez-Frausto said that those cuts were not put in the book. She said all she saw was the low paid CSEA employees. She said she is very concerned about the district's cash flow. She said the district is not going to survive.

Vice-President Corina Herrera-Loera said she was wondering where, in the funding, the police would be placed.

Assistant Superintendent Chheng said it would be located on line 5. He said that is where independent contractors would be placed.

Member Linda Chavez said one of the questions she has for Superintendent Bauer is regarding the projections for each year. She stated the projections given are two hundred students less. She said those projections are inaccurate to her. She said every single year the district has been losing four hundred students. She said, to her, the projection is a false number and the four hundred is not being put there for the projections. She said the district is counting the money that is coming, but it's not. She said that gives a false projection and a false sense of security with the budget. She asked why the projections are given two hundred something and not the fact that the district is losing four hundred students every single year.

President Ernesto Bejarano said he wanted to echo what Member Linda Chavez said. He said over the last couple of years, the district has been projecting low. He said if the district overestimates, that would be easier. He said he knows this is a very hard task. He said to take a conservative number and speak on that.

Superintendent Bauer said she mentioned to Member Linda Chavez that the district is using a demographic study. She said the district needs to continue to use those numbers given in the study. She said the district needs to have a demographic study. She commented she does not know how accurate it would be especially after COVID 19.

Clerk Andrés Quintero said the numbers given come from a fancy report that is provided to the district by the firm. He said if the district gives a high number and the district does not fall on that number, it will impact people's lives. He said it would cause a batch of cuts and fire a lot of people. He said he rather not let go of folks and that the declining enrollment was as bad.

Member Linda Chavez said if the numbers are off, they are off. Why would you want to be inaccurate? She asked how long must the district go in the wrong direction. She said the district should apply the facts, two hundred students that the district loses every year, that way our budget will be on point.

Member Dolores Marquez-Frausto commented that Clerk Andrés Quintero caused the hell that was created and some of the community members. She said all these agencies came to the district and investigated. She said the district was under the microscope. She said the budget had not been reconciled because there was no CBO. She said the Board did not know what kind of money was being spent.

President Ernesto Bejarano said he cannot minimize comments made by either of his colleagues. He asked that his colleagues focus on the kids sitting at a desk.

President Ernesto Bejarano asked Counsel Rogelio Ruiz if there is there anything that he could do to facilitate the meeting.

Counsel Rogelio Ruiz replied that he can mute everyone to have order in the meeting.

Clerk Andrés Quintero said the matter is that in 2016 there was a blank contract that did not exist. He said that was what he was referring to--the dysfunction. He said Board members Karen Martinez, Dolores Marquez-Frausto, Khanh Tran, and Esau Herrera not just once, but twice approved the contract with Del Terra after administration recommended not to move forward with the contract.

President Ernesto Bejarano asked Counsel Rogelio Ruiz if he could put a cap for this item.

Counsel Rogelio Ruiz replied there is no motion on the adoption of the resolution. He said every Board member has had the opportunity to speak. He said that President Ernesto Bejarano has the right to cut off Board member comments.

MOTION #03-19 by Clerk Andrés Quintero to approve Action Item 2.02 as presented. MOTION #03-19 was seconded by Vice-President Corina Herrera-Loera.

Member Dolores Marquez-Frausto said, between the superintendent and the agencies, they were tight knit. She said things that were going on in closed session were getting out. She said Clerk Andrés Quintero keeps accusing her of the five thousand dollars. She said she got the money from her account and loaned herself the money.

Member Linda Chavez asked that the following month it be put for a vote.

Counsel Rogelio Ruiz asked if Member Linda Chavez was asking in terms of getting it on the agenda.

Member Linda Chavez replied yes.

Counsel Rogelio Ruiz said the best way to get it into the agenda would be to send out an email to President Ernesto Bejarano and Superintendent Bauer with the agenda item and the preferred language. He said that Member Linda Chavez would need to make sure that she indicates if it is for action.

Clerk Andrès Quintero thanked everyone who came out to speak on this issue and raised concerns. He said it is always helpful to engage and have a democratic process. He said some concerns were raised about making sure there would be no contracts with School Resource Officers again. He said unless a state law is passed and prohibits those types of actions to reoccur, then that will not come back. He said even if the Board takes action, the item can come back with another Board to take action.

She said President Bejarano said the contract will end in five days. She said she asked Superintendent Bauer if she was going to bring this contract forward and Superintendent Bauer said no because there is no money. She said she definitely does not want the police back.

President Ernesto Bejarano asked Counsel Rogelio Ruiz if it would be alright to share his screen.

Counsel Rogelio Ruiz replied yes, as long as it is available for the entire public.

President Ernesto Bejarano said he wanted to take a moment to make comments. He said he ran for the Board with the premises of being transparent. He said regarding the School Resource Officers, he tries to incorporate things or actions he brings forth.

Vice-President Corina Herrera-Loera thanked Member Linda Chavez for bringing this item back. She asked Counsel Rogelio Ruiz if she could bring a resolution to the Board or a Board Policy ensuring that no police will be hired at the district.

Counsel Rogelio Ruiz replied yes she can do that.

Member Linda Chavez said she would like to request the strategies on the pros and cons of the School Resource Officers on campus. She said the district does not have bad kids. RECOMMENDATION

Receive and file the September 30, 2020 Detailed Investment Portfolio Listing.

DISCUSSION

In compliance with the State of California Government Code as amended by Chapters 783 and 784, Statutes of 1995 and in compliance with County Policy, the Santa Clara County Treasury Investment Portfolio Report as of September 30, 2020 is submitted for your review and acceptance.

The attached detailed investment reports list each investment of the County Treasury Pool as well as individual reports for specific investment funds that each school district or special district has in the County Treasury. The reports include the respective purchase and maturity dates, par value, amortized cost, market value, and yield to maturity for each investment.

A summary of market value versus cost is provided below for Commingled Investments of the County Pool.

Cost Market Value (Decrease) Percent

Commingled Investments \$7,767,383,636 \$7,858,137,079 \$90,753,444 1.17%

Board of Supervisors: Mike Wasserman, Cindy Chavez, Dave Cortese, Susan Ellenberg, Joe Simitian County Executive: Jeffrey Smith

TO: SANTA CLARA COUNTY SCHOOL DISTRICTS AND SPECIAL PURPOSE DISTRICT Page 2

The yield of the Pool on September 30, 2020 was 1.29%. As a comparison, on September 30, 2020 the yield of a 6-month Treasury Bill was .10%. A two-year Treasury Note was .13%. The State of California Local Agency Investment Fund (LAIF) yield was .69%.

Attached with the current investment strategy is a schedule that lists the average weighted maturities and yield for the Commingled Treasury Pool. Charts outlining investment concentration and distribution of bond maturities are provided for the Pool. Also included is a chart showing the one-year history of the Pool along with interest rates offered by selected comparable instruments.

Securities are purchased with the expectation that they will generally be held to maturity, hence unrealized gains or losses are not reflected in the yield calculations.

The market values of Pool securities were taken from pricing services provided by Bank of New York Mellon, Bloomberg Analytics, dealer quotes, and an independent pricing service.

A combination of securities maturing, new revenues, and tax receipts will adequately cover the anticipated cash flow needs for the next six months. Cash flows are continually monitored and are considered paramount in the selection of securities purchased for the Pool.

paid over the life of the bond is reinvested at the same rate as the coupon rate. The calculation for YTM is based on the coupon rate, length of time to maturity, and market price *Yield to maturity (YTM) is the rate of return paid on a bond, note, or other fixed income security if the investor buys and holds it to its maturity date and if the coupon interest at time of purchase.

Yield is a snapshot measure of the yield of the portfolio on the day it was measured based on the current portfolio holdings on that day. This is not a measure of total return, and is not intended to be, since it does not factor in unrealized capital gains and losses and reinvestment rates are dependent upon interest rate changes

Portfolio Strategy

September 30, 2020

The U.S. domestic economy grew at a record pace in the third quarter ending September 30, 2020, recovering significant ground it had lost earlier in the year. The economy rebounded as businesses reopened, employers restored jobs and the government provided trillions of dollars of aid supporting the resumption of consumer spending.

fell 1.3 percent in the first quarter and 9 percent in the second as the pandemic forced widespread business closures and then, subsequently rebounded with 7.4 percent growth third beginning in April when the virus pandemic and related shutdowns disrupted business activity across the country. Even the 33.1 percent increase, expressed as an annualized gain, in the third quarter compared to the second quarter, did not restore the U.S. economy to where it was at the end of the first quarter. Using non-annualized expressions of growth, GDP Nonetheless, the gain in quarterly gross domestic product (GDP), the value of all goods and services produced across the economy, only partially offset the record drop in output quarter. Even given third quarter's relative strength, the economy shrank 2.9 percent as compared to GDP performance in third quarter of 2019.

swings in output, a severe drop followed by an extremely sharp improvement, making the annualized numbers misleading. Economists do not expect second or third-quarter numbers U.S. GDP is normally reported at an annual rate, or as if the quarter's pace of growth will continue uninterrupted for the remainder of the year. But the pandemic triggered extreme to persist for a full year Third quarter GDP was bolstered in part by trillions of dollars in federal assistance to households and businesses. Economists and Wall Street analysts now expect much slower growth stimulus. There are further signs that the recovery is losing steam. Industrial production fell in September, and job growth has slowed, while a growing list of major corporations have announced new rounds of large-scale layoffs and furloughs. Most economists expect the slowdown to worsen in the final three months of the year, exasperated by rising virus cases businesses through the end of the summer has largely ended while the recovery remains far from complete. So far, Congress has failed to agree on a plan to replace expired federal in the fourth quarter and in early next year, than they previously expected because the approximately \$4 trillion in federal stimulus spending that propped up consumers and and the related threat of further economic disruptions.

halfway along the path to where they were before the virus hit. Undoubtedly, it will take significant improvements in the development of vaccines and Covid-19 therapies to generate increases were uneven, with some sectors seeing big gains and others displaying negligible improvement. Personal contact sectors including airlines and restaurants remain less than Consumer spending led the way in the third quarter recovery, rising nearly 9 percent. Consumer spending accounts for more than two-thirds of U.S. economic output. Spending further momentum.

level. During the prior quarter, spending on services collapsed, falling 12.7 percent. Consumers reduced purchases of restaurant meals and refrained from a variety of services and businesses adjusted and adapted to a socially distanced landscape. Services spending rebounded 8.5 percent in the third quarter but remained 7.7 percent below its pre-pandemic Much of the gain in the third quarter came from an increase in the services portion of personal consumption with health care and food services leading the advance as these family vacations

adjusting to the work-at-home lifestyle prompted by the pandemic. Some redirected income that typically went to restaurants and traveling to purchases up-grading their homes. The relatively mild 2.8 percent decline in the prior quarter. Consumers, especially those in higher-income households, bought furniture, autos, computers, and home-exercise equipment Consumer spending on long-lasting goods was particularly strong. Purchases of durable goods in the third quarter rose sharply, nearly 10 percent and, more than enough to offset a housing sector also boomed due to low mortgage rates, limited housing supply and demand for larger living spaces and less densely populated communities. Mortgage rates should remain low. Federal Reserve Bank policy officials have signaled they intend to keep interest rates near zero for a sustained period of time.

Much of this is attributable to the government's rapid-fire fiscal stimulus which provided expanded unemployment benefits, \$1,200 stimulus payments and financial injections to small weathering the turmoil and are in relatively good shape. Since April, consumer savings have increased, credit scores have soared to a record high and household debt has declined. At the onset of the crisis, U.S. commercial banks set aside billions of dollars to cover anticipated losses on loans to customers. Nonetheless, these reserves remain largely untouched. The economic disruption caused by the pandemic jettisoned millions of Americans into unemployment and financial difficulties. Nevertheless, many U.S. households, so far, are businesses. Those who lost their jobs used the money to keep up with rent and other bills. Others paid down debts, added to savings or purchased goods. U.S. employment data for September reflected a slow-down in job growth and indicated other troubling trends including a growing list of major corporations announcing new rounds beginning of the pandemic, in March and April, of which only 11.4 million, so far, have been recovered. Generating stronger job growth must mainly come from the services sectors of large-scale layoffs. In normal times, the 661,000 jobs added by employers would have been a healthy marker. Nonetheless, September's gain was a sharp reduction from the 1.5 million jobs added in August and below the 800,000 that economists had predicted. More importantly, significant progress is still needed to replace the 22 million jobs lost at the and without a vaccine and given the large, growing number of Covid cases, this will be difficult. The unemployment rate fell to 7.9 percent in September from 8.4 percent the prior month. Although the jobless rate is significantly lower than the pandemic high of nearly 15 percent in April, September's drop resulted mostly from adjustments to the unemployment calculation. These included an increase in permanent layoffs and an acceleration of people leaving the labor force, hence less people looking for work. Strong indications exist that some workers have either become frustrated about their job prospects or due to child-care responsibilities, have dropped out of the labor force.

The portfolio strategy continues to focus on the:

- (1) acquisition of high-quality issuers;
- (2) identifying and selecting bonds with attractive valuations;
- (3) appropriately sizing the liquidity portion of the portfolio to ensure adequate cash for near term obligations; and
- (4) ensuring that monies targeted for longer term investments are deployed in vehicles with favorable risk-adjusted yields.
